Website for Grandmaster Hong's World Class Tae Kwon Do Center

Summary: Deliver a website which highlights/showcases the events, students and instructors and product offerings for Grandmaster Hong's World Class Tae Kwon Do Center. While the design and layout are flexible, the design should utilize Bootstrap 4 as the CSS framework.
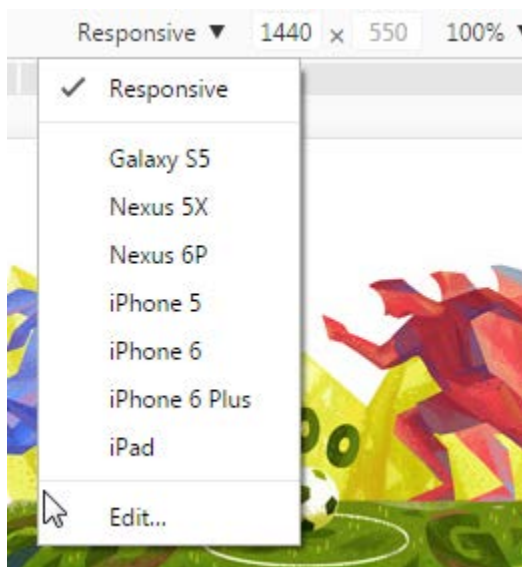

Required Browser Support: IE 10+, Firefox, Chrome, Safari (Mac and Windows)

Details: The website should have the following structure:

All site content can be found at: http://www.ritkd.com . Use this as content source but *do not* use it as a reference for styling or site structure.

Mobile Responsiveness: The site should render cleanly on desktop, phones and tablets. Use the Chrome dev tools for testing the following screen sizes:

Home Page

- **Header**: Should prominently display Grandmaster Hong's World Class Tae Kwon Do Center.
- **Footer**: Should show the address and contact information for the school along with links for the following social media sites:
    - Twitter: https://twitter.com/ritkd
    - Facebook : https://www.facebook.com/GrandmasterHongsTaekwondo/
    - Youtube: https://www.youtube.com/user/hongstkd
- Links to sub-pages with clear navigation. Dropdown menus are discouraged.

Events: For this site update, there are no current events, so this page would be a placeholder allowing for a listing of events. These listings would show a Title, Description with one image. For example:

Photos: This should display a gallery of photos showing a caption for each picture and thumbnail views. When the user clicks on an image, it brings up an enlarged version in a modal popup. The user should be able to dismiss the popup by clicking off the image or hitting the Escape key.

Videos: Similar to photos, but with videos.

Programs: The content for these pages can be found at the following urls:

- Children: http://ritkd.com/SocialSite/childrens-programs
- Adult Self Defense: http://ritkd.com/SocialSite/adults-self-defense-fitness
- Teens: http://ritkd.com/SocialSite/teens-self-defense-fitness
- Family: http://ritkd.com/SocialSite/family-self-defense-fitness

About Us: Content found here: http://ritkd.com/SocialSite/about-us

The layout and design of the site is left to the creativity of the developer, but attention should be paid to the following concepts:

- Clean and understandable navigation
- Functionality (everything should render properly and work in all supported browsers)
